Special Education Needs

Children enrolled in private schools have no individual entitlement to receive some or all of the special education and related services they would receive if enrolled in a public school. See 34 CFR §300.137(a)

At Imago Dei, we strive for a meaningful academic experience within the varied learning levels of our students. Even though Imago Dei is not required to provide special education and additional services, we may be able to accommodate certain learning needs if we are aware of them. Is your child or do you feel your child is in need of special education? **Yes No**

If yes, please provide additional details. Please understand this information will be extremely helpful in ensuring that we can successfully meet the needs of our students.
